### **MORNING WORKSHOPS:**

#### GUIDES & ANGELS with Marilyn Mazzotta

- ✚ Much guidance comes from the unseen world. In this workshop we will discuss the difference between these two magical energies. We will explore how to gain more guidance from our guides, and learn how the connection with guides and angels can benefit us.

#### LOOKING BEYOND YOUR PHYSICAL EYES with Karen Willis

- ✚ Seeing spirit can be challenging. In this workshop, we'll push past using our physical eyes, to sensing the spirit world through our emotional centre. We will be guided to engage all of the human senses to connect with the spirit world and look beyond.

#### BRINGING SPIRIT LOVED ONES CLOSE with Jim Kinnear

- ✚ When we feel the love of spirit, it touches us deeply and has the potential to change our lives. Engaging the clairsentient aspect of mediumship, this workshop will help you to draw your spirit loved ones close to feel their presence. You will be guided to letting interactions unfold with them, and encouraged to explore how your relationship with loved ones in spirit has evolved.

## **AFTERNOON WORKSHOPS**

### **PSYCHIC TUNE-UP** with Marilyn Mazzotta

- ✚ Psychism is the first step toward mediumship by becoming more aware of our intuition, our sensitivity. In this workshop we will learn and understand how we are able to gain more insight through our 6<sup>th</sup> sense with exercises to improve our psychic self. Paper and pen are required.

### **LOOKING BEYOND YOUR PHYSICAL EYES** with Karen Willis

- ✚ Same as morning workshop. Please see description above.

### **THE ART OF GUIDES** with Mary Alderson

- ✚ The spirit world often inspires us in ways that can be surprising. In this workshop, we are encouraged to allow the influence of the spirit world to guide and direct our creativity through drawing. Paper and drawing utensils are required. (Mary uses pastels, but you can use anything that brings spirit to life on paper.) \*No artistic talent required.
